**Question VI. Read the passage and answer the questions that follow (1,0 point).**

Clothes can tell a lot about a person. Some people like very colorful clothes because they want everyone to look at them and they want to be the center of things. Other people like to wear nice clothes, but their clothes are not colorful or fancy. They do not like people to look at them. Clothes today are very different from clothes of the 1800s. One difference is the way they look. For example, in the 1800s all women wore dresses. The dresses all had long skirts.

But today women do not always wear dresses with long skirts. Sometimes they wear short skirts and sometimes they wear pants. Another difference between 1800s and today is the cloth. In the 1800s, clothes were made only from natural kinds of cloth. They were made from cotton, wool, silk, or linen. But today, there are many kinds of man-made cloth. A lot of clothes are now made from nylon, rayon, or polyester.

1. Why do some people like very colorful clothes?
2. Are clothes today different from clothes of the 1800s?
3. What do women sometimes wear today?
4. What were clothes made from in the 1800s?
